

Mrs. MORRAL DIES AT MARION HOME Doom of India's Countless Rulers

Native of County,
Be Held Friday.

By DEWITT MACKENZIE
AP Foreign Affairs Analyst
Visible is restricted here in
New York because of the strike
from the big guns of the U.S.
Court Monday at 1 p.m. when
as a native of Marion, he is able
to be born Sept. 8, 1867, over the "unprofitable class."
There is a large development
which we should overlook in
connection with the new class
between England and India re-
suming Indian independence.
Pandit Jawaharlal Nehru, who
next to Mahatma Gandhi is the
greatest figure in the dominant
All India Congress, has served
warning that the rulers of the
various provinces of the small Indian states
must lose their
monarchs. This statement is
of vital importance, coming as
it does in the midst of the
debates over Indian
sovereignty. The question of how
to deal with the principalities is one of the
great problems to be solved. Dewitt Mackenzie

Nehru speaks
with a certain point to which
your attention is especially
directed because he is a man worth
watching. He believes in this
matter, is believed by the Ma-
hatma and the All India Congress
as a whole, I know, from personal
studies in India that a similar view
is held by many Moslems who are
opposed to proponents of the
All-India Congress and by highly
placed British as well.

Trend Is Seen

Thus we have an index of
the trend in handling this crucial
matter. The likelihood is that if
such a crown, the current con-
ferences on Indian liberty will
provide for the elimination of the
great majority of the same 500 or more who
have authority over
about 90,000,000 subjects.

The Pandit's speech in the mar-
ket of the major Indian cities
will continue then rule for
the life of the provision for
the government until the future
is decided by the people or will
be decided by the rulers of the small states

fitted estates containing 100,000

Fair enough. I know from my
studies in India that a similar
trend is seen with Nehru's state-
ment. The small princes and
one of the big fellows as well—
offer great barriers to Indian
units in progress. There's only
one thing to do—that is to get rid
of them and incorporate their
lands and people in a federal
union with the whole vast continent of
India.

Some May Stars

There is a fair number of the
major rulers who are progressive
now, well be continued in
the interest of the people so will
it.

For the most part the small
princes and all are bejeweled
aristocrats who are survivors
of centuries long dead.

They rule from the past which
they required by success and
through achievement of their
own. Their wealth is so vast that
they don't know its extent. Yet
many of their people are forever
hungry—and I mean that literally—because their taxes are
brutally exorbitant. These princes
in many instances have the power
of life and death over their sub-
jects.

A-BOMB TEST COST DEFENDED

Task Force Chief Declares Estimates Too High, Says Trials Essential.

By the Associated Press

WASHINGTON, April 16.—The ton bomb task force believes the cost of the Bikini experiments will be no greater than that for one large new ship—which could be at \$110,000,000, the current cost of a super-battleship.

Adm. W. H. P. Blamey, commander for the Joint Army-Navy operations said the unconfirmed had estimated that it would cost \$125,000,000 for targets and another \$100,000,000 for other expenses.

Such figures are gross exaggerations, he said.

Gives Other Theories

Cloudy also made these other others known.

The tests are no threat to our morale and no military measure. They are a defensive measure of caution and economy, not wastes!

2.—The postwar armed forces will be definitely and markedly affected by the implications of the atomic bomb for the next several years, study, experiment, invention, development and training shall point the way toward the best and of armed forces to build in case atomic weapons are not outlawed.

3.—Although the projected third test where the bomb is to be exploded over 1,000,000 feet down in the open sea is commonly believed to be the most important, it is by no means certain that it will prove so. The second test, with the bomb exploded in the shallow waters of Bikini Island or just at the surface, may easily turn out to be more lethal in its combined effects upon ship and crew—especially since this attack can be made either at sea or in port and the bomb can be quickly brought to the desired exploding position that is on the surface or slightly below it.

4.—Prompt information is necessary. Scientists say any reasonably industrialized nation can produce the A bomb in a few years.

Train Sparks Blamed for Fire Near Galion

SPECIAL TO THE STAR
GALION, April 16.—Sparks from a trolley wire and a streetcar were believed to have started the fire Sunday which swept through the J. W. V. German apparel plant at 111 Ke Gall in the first fire, set by lightning, discharged during a severe storm. One orchard had been in full bloom. One orchard of 200 trees was almost completely burned and the larger orchard of about 600 trees was about one-third burned.

but it is not expected a positive result can be accomplished except through a step by step process over an indefinite period. Pending such guarantee it is essential that our designers, strategists and others turn as much as possible now about the use of the weapon.

4.—Prompt information is necessary. Scientists say any reasonably industrialized nation can produce the A bomb in a few years.

SCHOOL GRADING SYSTEM STUDIED

Mills Meets with Superintendents at Martel.

SPECIAL TO THE STAR

GALION, April 16.—President Truman sent the name of a Galion man, Robert J. Gobron, to the Senate Monday, to be a foreign agent of officer in the state department.

Gobron is in Galion spending a 30-day leave at the home of his mother, Mrs. James Hoban of 233 South Street, after completing his assignment as vice chairman of the American liaison in بغداد Iraq.

He arrived in the United States March 11 and has been on a coast-to-coast tour of the South and the West, visiting Washington, Seattle, San Francisco, Los Angeles, Denver, Kansas City, St. Louis, and Chicago.

The revised system school officials believe would better define a grade and better interpret pupils progress in relation to other students in his class and to other students in the county.

The plan would call for five report cards with equal emphasis placed on scholarship, application, preparation, progress, attendance and citizenship qualities. To be an A student a boy or girl would have to meet the requirements in all the divisions. Mr. Mills explained and added that the new grading system would be qualitative rather than quantitative.

BARE RECORDS IN CLINE CASE

Certificates of Two Women Filed as State Probes Mystery.

By the Associated Press
SAN FRANCISCO, April 16—Certificates of two women concerning personal effects of a man in evidence today at the trial endeavored to throw light on the mysterious death of Leonard Cline, on trial for forgery and grand larceny.

The accused, 56-year-old Cline, is more like a choir-leader than an ex-con— he is both heir of forgery and grand larceny, the estate of the widow Mrs. Eva Delora Krebs of Chicago, and Mrs. Elizabeth Hunt Lewis Cline of Oakwood, two of his former

Marion District Attorney Norval F. Thompson yesterday introduced a death certificate for Marion Hannah Klein dated Feb. 2, 1943, in Jacksonville, Fla. The second certificate was for Eva Delora Cline, dated Nov. 1, 1945, in Portland, Ore.

The prosecutor contends the man who died in Portland as Eva Delora Cline was actually Marcel Van Natta of San Francisco.

The state is trying to prove Mrs. Eva Delora Cline actually died about a year earlier, in Dallas, and was cremated under the name of Mrs. Alice Carpenter, and that Cline later forged her name on affidavits involving her \$2,000 estate.

Witnesses have identified pictures of the woman who died in Dallas as being Mrs. Delora Krebs.

The prosecution is trying to prove Cline forged the name of Mrs. Elizabeth Hunt Lewis Cline by establishing the fact that the man who actually died in Florida as Elizabeth Hannah

A MARION LADY SPIT UP ACID LIQUIDS FOR HOURS AFTER EATING

For hours after every meal, a Marion lady uses to spit up a strong acidulous liquid mixed with pieces of half-digested food.

She says it was awful. At times she would nearly strangle.

She had stomach bloat, daily headaches and constant irregular bowel action. Today, this lady eats her meals and endures them. And she says the change is due to taking ERB-HELP. Her food agrees with her. No gas, bloat or spitting up after eating. She is also free of headaches now, and bowel movements are regular, thanks to this Remarkable New Compound.

ERB-HELP contains 32 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over.

Old Ledger Found in Bennet Building

Workmen razing the old Bennet Building on West Center street yesterday uncovered an American Express Company ledger, dating back to April, 1897.

The ledger, about a foot long, eight inches wide and two inches thick had been placed at the base of a concrete pillar built to reinforce the floor when a vault was constructed in the building.

It contains a record of waybills passing and entries written with violet ink which has faded into illegibility. The only name still readable is that of J. P. Gump, agent. His name and the words, Marion Ohio, had been stamped on each page.

Vocational Program Expanded for High School Pupils Here

Library Is Provided with Helpful Material for Use in Daily Reading Periods.

By AUSTIN E. SHOWMAN

In the days when schools were interested only in giving basic training in reading, writing and arithmetic are over, high schools now are not only teaching the fundamental subjects but also a wide variety of vocational subjects and are aiding and encouraging students to select vocational fields in which they can receive vocational guidance.

In the history of Marion there has been such stress on vocational guidance as at May, Harding High Principal, Harding has a library in its library containing trade books, pamphlets and pamphlets. The library in its files an almost listing of all known vocations, together with information regarding them.

Reading Time Allotted

For the first time, all

books in Harding are assigned one reading period,

in length, during which

one may read material on

choice of their choice.

Teachers have con-

cerned material to them

of vocational training

at the annual vocational

conference, during which busi-

nesses of other lines of work

are classified according to

vocational interests. Before

the vocational each boy and girl

has at least one hour of vocational

training at the school.

Training Maintained

Vocational training is something

that goes on throughout the year, Mr. May pointed out, and terminates with the vocational conference. Students are strongly encouraged to select

fields in which they are interested.

**Psychiatrists Report
'Accidents' Often
Result of Worry**

By RENNIE TAYLOR
Press Science Editor
SAN FRANCISCO, April 15.—A state of mind and perhaps have more to do with accidents than the circumstances reported today by 265 cases.

Accidents, drunkenness, feelings of hate or fear, and factors predisposing one to have an accident,

found that if a person has an injury while he is disturbed or abnormally excited, the period may be unduly long or even become a mental illness while under treatment.

It was undertaken in the government's office of research and development.

Dr. Bowman revealed that individuals usually seek danger and in order to terminate an undesirable situation.

Analysis of the circumstances presents as a whole, they reveal that only about half of injuries were caused by metal, unfavorable circumstances. The majority were by factors which bear on character of the injured sub-

Elsie, chewing the end of a pencil, has that dreamy look in her eye. She's planning her vegetable garden for this summer. "You know this is National Garden Week," she says, "and this summer everyone should raise all the foodstuffs possible. Not only will this release food for starving peoples abroad... but plenty of fresh vegetables... plus a lot of my wholesome milk and other dairy products... will mean health and happiness for you!" Elsie has the right idea there! Why don't you plan your vegetable garden now?

Kenneth Albert of Marion was elected president of the Marion County Automobile Dealers' association at a dinner meeting at Hotel Harding last night. C. E. Almendinger of Prospect was elected vice president and Walter Haberman of Marion, secretary-treasurer.

The meeting was conducted by Carl Dahmen of Marion, trustee for the district, and James Baynes of Union Station, Washington, to discuss the reorganization of the state dealers' association. They discussed GPA price rulings.

ASSEMBLY LINE HOUSES

WASHINGTON — Aluminum prefabricated houses made on an assembly line without additional equipment, are being studied by Beech Aircraft, Wichita, Kan., Aviation News says. The houses will have 1,000 sq. ft. of floor space, can be knocked down and packed in a crate 4 by 16 ft., and put up in 16-man days.

At the Holy Thursday communion, Thursday at 7:30 p.m., Miss Howard will play a prelude and postlude. The senior choir will sing. At the Good Friday service at 7:30 p.m., Miss Howard will use Scarlatti's "Consecration at the Cross." For an offertory she will play "The Lonely Hill" by Marryott and Bach's "Christ Lay in Death's Embrace" will serve as a postlude. The senior choir will sing, "The Lamb of God," by Stryker, and the junior choir's anthem will be "My Friend of Calvary," by Martin.

225,000 TO SEE "REAL" BIG LEAGUES LAUNCH SEASON TODAY

Gloomy Weatherman Fails To Cool Off Post-War Fans

By JACK HAND

Associated Press Sports Writer

NEW YORK, April 16—Spectators and big league sports writers at the 1948 season open in four cities before an estimated 225,000 fans, eager to see the real stuff instead of the academic wartime scenes of 1943.

Although the weathermen forecast gloomy weather at most of the games, the spectators are out to make their mark on those days of the all-time big day, April 16.

Opening will top the box office with a record of \$10,000 plus at Brooklyn and 21,000 spectators expected Saturday afternoon and the opening night triumphs. Tigers' victory over the St. Louis Browns.

Only Four Games

Only four games of Major League baseball will be played Saturday and Sunday in the principal cities and the New York City and Brooklyn games will be the first to open the season.

Chicago's Nodders, Boston's Red Sox, Cleveland Indians and St. Louis Cardinals will play their first games Saturday afternoon.

Brooklyn's Dodgers will bow as a big league regular at home of the Penn Western and Cardinals' new home in the National League's West, Pittsburgh.

And west Jersey, Boston, apparently recovered from its post-war malaise, is to mount its first really good performance.

A turnout of 18,000 is expected.

Giants vs. Phillies

New York is slated to attract 40,000 to the opening game Saturday to see the only Red Sox who are expected to play an opening day of 1948, while Mike Trice and Wally Moses are the only Chicago starters.

Ken Keltner, stellar third baseman discharged from the Navy, reported he had recovered sufficiently from a back ailment to start today's contest for the Indians.

Manager Jimmy Dykes of the White Sox will be hospitalized for two more weeks with a stomach ailment and Coach Mike Hess will direct Chicago during Jimmie's absence.

At least one new major league game will be set at Frank (Ironman) Hayes of the Indians does much more today for his green-rope appearance behind the plate.

Wrestling Schedule

The wrestling card at the Armory Thursday offers two rough bouts. Both are 60 minute two out of three fall affairs.

Monty Ladue vs. Indie Yegor is booked for the end Lefty Parker vs. Bob Jones is the record. Parker is a recently discharged Navy veteran from Toledo who wrestled before entering service.

Ruth Jones is a colored wrestler from New York who has appeared in Marine several times.

A 10 minute team bout between four Marine boys is carded as the preliminary. The team of Robert Lowry and Sammy DeLong will take on Sonny Simons and Leon Echols.

KENTON THINCLADS WIN

KENTON, April 16—Kenton High School in its first track meet of the season defeated the Findlay High track team there, by 66 to 50.

With Findlay leading down to the final event, 55 to 44, W. G. Brown, of Kenton, leaped 10 feet 8 and 1/2 inches to take first in the broad jump on his last trial in that event and won for Kenton.

The diamond crew were set to open against New Birmingham yesterday at Lincoln Park while the track crew planned a trip to Galion for a practice meet.

A date will be set in the near future, school officials said.

NEW JOHNSTOWN BOSS

JOHNSTOWN, Pa., April 16.—The Johnstown Johnnies of the Middle Atlantic league have a new manager—Cyril J. Pfeifer, 26, a war veteran of three years' military service.

The Writers named Kansas City, Columbus, Milwaukee, St. Paul, sponsoring the banquet at which Toledo and Minneapolis to trail all county league players who Indianapolis and Louisville to the finish wire in that order.

Weatherman Cancels

Harding High Openers

Harding High School's baseball team, which was to play in the final track season opener, both scheduled for yesterday, were postponed because of rain. They have not yet set a date for these events.

The diamond crew were set to open against New Birmingham yesterday at Lincoln Park while the track crew planned a trip to Galion for a practice meet.

A date will be set in the near future, school officials said.

Ex-Champ, All Snarled Up in Nazi and Cowardice Charges, Sees Billy's Doom.

By CHARLES CHAMBERLAIN

AP Sports Writer

HAMBURG—Max Schmeling, the only fighter to knock out Joe Louis, predicts that the Brown Bomber will k.o. Billy Conn in less than ten rounds in their world championship bout in June.

"I saw Conn fight Apostle in 1939," says 40-year-old Schmeling. "He's fast and clever but not a hard hitter. I think the fight will be over in less than ten rounds. Conn will take a few hits to get in his knockout punch—but he will land it eventually just like he did in the thirteenth round when he last fought Conn. A heavy hitter still has the best chance in the ring."

Once Reported Dead

Schmeling called Louis to win a non-title bout in 1939; then in a rematch two years later was smashed to the canvas by Louis in the first round. He returned to Germany and not much was heard of him until an announcement by a German news agency that he had been killed parachuting into Crete. In fact he only injured his leg and eventually was discharged from the service.

Having been refused a license to enter the book publishing business by British authorities, Schmeling now is considering a ring comeback. He decided his first step was to prove he had no connections with Nazis during the war and unlike the Hitler regime was his clear political attitude.

He presented authorities with a large file of letters attempting to

SCHOOL GROUP HEARS PRE-EASTER SERMON

Rev. Eldred Johnston on Girl Reserve, Hi-Y Program.

In the third of a series of annual pre-Easter services, Rev. Eldred Johnston pastor of central Christian church spoke this morning to 265 High school students and faculty members assembled in the church.

The service, sponsored by the Girl Reserve and Hi-Y clubs of Hilding High school, was opened with a call to worship by Jack Horowitz Ann LaMarche led in prayer and Jack Gooding read the Scripture lesson.

In his address, "Heartbreak Hill," Rev. Johnston said the crucifixion of Christ shows us the world is full of sin, gives us an object upon which to focus our loyalty, proves the power of a man wholly devoted to God, and assures us of the possibility of conquering evil in this world.

To talk tough in the face of evil seems to be the pose of the day, but the Cross has shown the fallacy of this policy, the Central Christian pastor said, adding that while some believe that education science or philosophy can produce the needed change in the hearts of men religion is necessary before such transformation can take place.

Calvary was the heartbreak hill of Christ, and the world needs more Calvary in everyday life, more men who are willing to die for their beliefs, Rev. Johnston declared.

Students in charge of today's service were Ann LaMarche, Jack Gooding and Merrill Holloway who gave the benediction. Mrs. Virginia Curr was the organist.

WHITE COLLAR MEN OK Westinghouse Offer

By The Associated Press

PITTSBURGH April 16 — Unilized white collar employees of the Westinghouse Electric Corp. today accepted a 17% cent hourly wage increase in a contract signed by the Federation of Westinghouse Independent Salaried Unions representing nearly 20,000 members in 18 units.

The federation had balked at accepting the raise until contract clauses which it termed "objectionable" were straightened out. They pertained to a no-strike provision, seniority and wage parity of union representatives during negotiations.

The company and the CIO United Electrical Radio and Machine Workers renewed exploratory discussions in an effort to find a basis of settling the 92-day-old strike of 73,000 production workers.

The discussions were being centered on wage increase possibilities for 10,000 lamp division workers not included in the company's recent wage boost offer rejected by the union.

CARRIER WASP BREAKS Loose, Runs Aground

By The Associated Press

NEW YORK April 16 — The 27,000 ton U.S.S. Wasp carrier veteran of a dozen Pacific naval actions broke loose from its mooring at Bayonne, N. J., today in a 35-knot wind and drifted around the New Jersey shore across the channel from its Navy dock.

Ship and personnel were uninjured. The Navy said tugs would attempt to refloat the giant ship at high tide. It went aground by the stern.

STOCK LEADERS GAIN UP TO TWO POINTS

By The Associated Press
NEW YORK, April 16.—Selected industries placed an upturn in the stock market today that added fractions to around 2 points to a number of leading stocks.

Most of the steel, motors, rubber and metal registered early advances.

Gains were well maintained for the fourth hour.

Appearance of several favorable conditions and divergent announcements provided support for buying interests. A statement of earnings by railroads, brokers said, from the prospect of housing legislation, expansion of rail transportation, reduction and arbitration of rates, and an expectation of fuel short on price control authority. Companies took advantage of the maturing of their operating rates and practices that sharp reductions may not be required until the last of April.
